

Provider Hub Information Session | January 2026

This handout includes links shared during the online Provider Hub Information Session hosted Tuesday, Jan. 20, 2026.

If you have follow-up questions, or if we didn't have time to answer your question live during the session, you're welcome to email the Provider Hub team at providerhub@state.mn.us.

Recording

A [recording of the session](#) — including attendee questions and presenter answers — is also available.

Get captions in languages other than English: YouTube, where this recording is hosted, offers auto-translated captions for videos. To turn this feature on:

1. Select the **Settings icon** in the bottom-right corner of the video — it looks like a gear.
2. Select **Subtitles/CC**, and then **Auto-translate**.
3. Select your **preferred language** from the list of options.

Disclaimer: With this feature, YouTube automatically translates captions from English into your selected language. The State of Minnesota has not reviewed these translations and cannot guarantee their accuracy.

About the Provider Hub

The Provider Hub is an online tool for social service providers to apply for and manage licenses, funding and participation in other government programs. The Provider Hub can be used on a computer, tablet or smart phone. It's available in English, Spanish, Somali and Hmong.

The State of Minnesota continues to improve the online tool and build new features. As we do so, more providers will get access. Visit the [Provider Hub](#) webpage for details.
